

An aerial photograph of a wide river bend. On the left bank, a small village with several houses and a prominent water tower is visible. The surrounding landscape consists of green fields and trees. In the distance, a line of power lines stretches across the horizon under a clear blue sky.

OnTrent

Turning strategy into reality

Progress so far

- OnTrent has come a long way since 1995
- 6th Forum
- Well established partnership
- Strategic framework
- Several major initiatives now underway throughout valley
- Floodplain includes range of community, biodiversity and heritage projects.

When will we be finished?

A Trent floodplain rich in wildlife habitats, landscape and historic features, for the benefit of all, both now and in the future.

- Awareness throughout all partner organisations about the OnTrent Vision and issues.
- Organisations deliver OnTrent objectives when making management decisions that relate to the Trent.

Delivering OnTrent 2008-2020

- Harmonisation of policies of regulatory agencies and bodies, reflecting OnTrent objectives
- Appropriate planning gain and conditions
- Targeting and enhancement of incentive schemes
- Conservation as an element of existing or new commercial and recreational activity on suitable sites
- Imaginative application of statutory duties
- Recreational and wider public benefit from wetlands
- Promotion of community-led projects.

Future of OnTrent.

- Need to be sustainable
- Structure and working pattern under review
- Continue to safeguard Trent heritage from future threats.
- Seek and develop funding opportunities
- Work at an strategic level
- Project support and delivery.
- Promote and deliver OnTrent objectives through partners.
